Hon. George A. Smathers
United States Senate
Washington, D. C.

Dear Senator Smathers:

I am still too green at professional politics to know if this letter will do any good.

But I am not so green that I don't know we have the enemy running SCARED. The press is completely "blacking out" our success in recruiting for a counter-march on the black terrorist army coming to Washington August 28 to browbeat America and Congress into the Communist "Accommodations Bill".

But the Richmond papers and the Washington Star have already pointed out that even a "half a dozen rednecks" could "spoil the whole civil rights struggle" and "set it back a generation"! I will have tens of thousands of fighting White men these papers disparagingly called "rednecks" from all over America in D. C. on August 28. If you cannot believe this because of the incredible press blackout, for which I could not blame you, just ask Congressmen from southside Virginia where I am recruiting hundreds every day. We are winning applause, gratitude and pledges everywhere and will be in D. C. to do everything legal to smash the black revolution on August 28. And we CAN DO IT!

However, the pressure on D. C. officials from the red race-mixing side is so great that our legal rights to counter-demonstrate are being OPENLY tossed in the trash can.

Martin Luther Coon and his army of black terrorists announced first a mass meeting at the Lincoln Memorial and also announced they would hold no "parade" or "march".

I announced, therefore, a meeting at the WASHINGTON Monument and properly applied for a permit for a WHITE parade.

From the press, I have learned that Coon and his gang promptly announced THEY would meet at the WASHINGTON Monument and THEY would parade.
